Anglican Old Catholic Theologians' Conference

28 August-1 September 2023

Neustadt a. d. Weinstraße (Germany)

Introduction

The basis of the relationship between the Churches of the Anglican Communion and the Old Catholic Churches of the Union of Utrecht is the ecclesial communion established by the Bonn Agreement of 1931 - a communion that is grounded in a shared faith and common sacramental life. So the 2023 Theological Conference will first reflect theologically on the sacramental foundation of our common life. Then, second, it will explore the practical and missiological consequences that follow from this theological perspective for our churches in the context of the world of today. We cordially invite you to join our international exchange in the inspiring surroundings of the Palatinate.
